Instructions:

1. **Read all the Instructions carefully as not following them will impact your overall points.**
2. Remove all the small braces and their contents in the heading before submission as it is for team's reference only
3. Goals should include what are you doing in your project which will help solve the stated problem
3. Don't include stuff like i5 processor or 16GB ram in hardware specs. If you're solving an IoT or AR/VR Problem then mention the hardware used.
4. Pitch should not take more than 1 minute to read. It is advised to read the pitch before submitting to make sure it's not taking more than a minute.
5. Pitch should be submitted on 4th November, 2020 by 11:59 PM or 2359 HRS IST. Any submission after that will be invalid and directly dequeued.
6. Remove the whole instructions part before submission as it is for team's reference only.
7. Make a Copy of this template or download it and edit. Don't request for access to edit the template itself. **(Goto File->Download->Microsoft Word to download template)**
